

Marriott Oceanfront at Palmetto Dunes

Hilton Head 2009 Projects Early Descriptions

Marriott Oceanfront at Palmetto Dunes

The following tidbits are your
VIEW THROUGH THE KEYHOLE
for Hilton Head 2009.

More detailed descriptions will be available later in the summer.

Scrimshaw Needlework Tools

Marcy Pumphret—Scrimshaw by Marcy

All along you have thought you were just stitchers. Well, that is about to change with this exciting class with Marcy! She will supply you with ink, paints, etching tool, expert guidance and, yes, time ó everything you need to create your own scrimshaw ruler or thread winder. Ideas for design motifs that coordinate with Jackie's and Rae's projects will be available, or you can bring your own talent to the table and design your own.

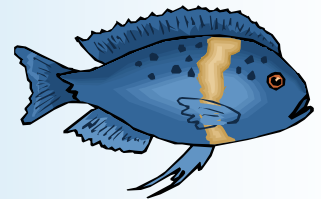

Stitcher's Sailboat Etui

Jackie du Plessis—It's Fine-ally Finished

We never have enough needle books, pincushions, etuis, especially when they are as artistically crafted and finished as Jackie's Sailboat Etui. You will work on Belfast linen with fine silks in tones of soft blue gray ó the color of the peaceful rolling ocean. The sailboat will house your needles, a laying tool, scissors, etc., all artfully and skillfully hidden as only Jackie can do.

Fish Purse

Rae Iverson—Moss Creek Designs

You never have to bait a hook or get your feet wet to pull in this handsome catch of the day. Rae has brought back her delightful French shepherd and shepherdess and made them fishermen for this useful fish-shaped purse for needle work tools. You will work with Belfast linen, a variety of solid and overdyed fibers, and coordinated lining fabric to craft your fish with his beautiful & utilitarian fins, as well as smalls for your tools and treasures.
